OBJECTIVE

Experienced DevOps Engineer with 5+ years in cloud infrastructure, system administration, and automation. Proficient in Microsoft Azure (AZ-104 certified) and AWS, with hands-on experience in Kubernetes (OKD), CI/CD automation (GitLab, Docker), and configuration management (Chef). Actively learning Terraform and Ansible to enhance cloud automation capabilities. Strong knowledge of cloud security, scalable architecture, and infrastructure as code. Passionate about collaborating in Agile teams, optimizing DevOps pipelines, and ensuring high-availability cloud solutions. Looking to contribute my expertise in a dynamic, global team.

CERTIFICATIONS

AZ-104: Microsoft Azure Administrator issued by Microsoft	Jan 2021
CCNP Switching Certification issued by VnPro	Dec 2018
CCNA Routing & Switching Certification issued by VnPro	Jun 2018
IELTS 6.0 issued by IDP Vietnam	Aug 2011

System	Providing and maintaining VPS and hosting for customers. Building, configuring, and maintaining Linux and Windows Server systems. Managing ESXi and proxmox hypervisor platforms. Monitoring systems with Zabbix.
DevOps	Cloud Platforms: Microsoft Azure (AZ-104 certified), AWS (EC2, S3, ECS). Containerization & Orchestration: Kubernetes (OKD, AKS), Docker. CI/CD & DevOps Tools: GitLab CI/CD. Infrastructure as Code: Terraform (self-learning), Chef. Scripting & Automation: PowerShell, Bash, Python.

WORK EXPERIENCE

Accenture Vietnam

Aug 2021 - Present

Custom software engineer senior analyst

Built, developed, fixed bug, and maintained internal tools.

Regularly used languages like MySQL, PHP, Python, and bash script for daily work.

Designed and implemented GitLab CI/CD pipelines for microservices, automating build, test, and deployment stages.

Used OKD as orchestrator and used Chef as a Configuration management tool to manage the infrastructure.

Worked with Azure DevTest lab for Windows runners, setup virtual gateway, virtual network, subnet, and VM for security compliance.

Worked with AWS ELB, EC2, S3, ECS, ECR to make accessibility from public.

Currently self-learning Terraform and Ansible to enhance my DevOps capabilities.

Linkbynet Co., Ltd

Aug 2019 - Aug 2021

System administrator

Supported customer in troubleshooting, operating and maintaining customers' systems to ensure smooth system operation 24/7.

Coordinated with other specialized teams to handle issues beyond my expertise.

Worked with some big clients like Chanel, Sodexo, Sage, Schneider.

Worked on both of on-premise system as well as cloud services.

P.A Vietnam Co., Ltd

Jul 2019 - Aug 2019

System administrator

Supported customers in using server, VPS, hosting, domain.

Had experience in operating Windows Server, Linux, Plesk, cPanel, DirectAdmin systems.

Vietnam Network Co., Ltd

Jun 2017 - Jun 2019

System administrator

Designed and deployed networking systems, wi-fi systems, wi-fi marketing systems.

Built and administrated server systems.

Developed websites and router's cloud management system.

Researched and developed new technologies.

Deployed wi-fi marketing system for VNPT Tien Giang.

FPT Information System Co., Ltd

Jan 2018 - Apr 2018

Intern

Working on router, switch, firewall.

EDUCATION

FPT University

Oct 2015 - Jun 2019

Major: Information Assurance

Degree: Bachelor

2015-2019: 50% scholarship

Thesis: 9.3/10

GPA: 8.22/10

STRENGTHS

- Ability to work independently and teamwork effectively.
- Ability to learn and the will for progress.
- Ability to communicate with teammates as well as customer in English.
- Honesty, carefulness, and high sense of responsibility in work.
- Willing to work as a key player in challenging and creative environment.
- Friendly, sociable, willing to help colleagues.

INTERESTS

When I have free time, I usually sing and play guitar for relaxing. I also pay attention to my health, I have a group of childhood friends, and we invite each other to play badminton every weekend. In addition, I love exploring new places, so I set aside a few occasions every year to travel by motorbike.

ACTIVITIES

Participation in the 48-hour event of FPT University

Jun 2016 - Jun 2016

This is an extra-curricular activity of FPT University to help students improve some soft skills through activities in Dalat city.

Participation in the FU Maze challenge

Dec 2015 - Dec 2015

This is a FPT University competition to test the logical thinking of students through programming to find the solution for the maze.

This is a voluntary activity organized by Children's Hospital for free medical examination for the poor in Vinh Long province.
